

RIHARDS PAUKA

ABOUT ME

I am 20 y/o guy from Latvia who is looking for an opportunity to help a perspective start-up in its Marketing department as a student assistant.

I strive for a challenge and I have passion for developing new skills. I enjoy being surrounded by positive people. In my leisure time, I like to do extreme sports and travel, especially because I can try out foreign cuisines. Also, I am learning Danish on my own. I am of the opinion that it is relevant to know country's language where I have settled down for a while.
